Pure as Virgin rPET Resins

Proprietary technology for chemical recycling through depolymerization process. We manufacture Premium Quality Recycled PET Resins (rPET Resins).

TEXTILE GRADE RESINS

These chips are used for producing micro denier barre-free yarns, suitable for POY, DTY, FDY, IDY, and BCF. Available in Semi-Dull & Bright.

SHEET GRADE & BOTTLE GRADE RESINS

Suitable for rigid sheets and preform manufacturing. These high-quality resins can be used for food-grade or non-food-grade applications.

FILM GRADE RESINS

Suitable for flexible packaging films like BoPET films which can be used for food-grade or non-food-grade applications.
